

# Happy 2nd Birthday

How far you've come since last year this time...

You say "cheese" when you see a camera and you like opening presents. You can say your ABCs, and count to 20 in English and 10 in Spanish. In fact, you understand a handful of Spanish phrases and you understand and say quite a lot in English. You still want someone to come say hi with a swallow of milk at 3:00am before you'll go back to sleep - that's a drag. But you love to laugh - and that's fun. Dora is on the way out on your list of favorite videos and Elmo is definitely less important. Bob the Builder currently has your attention and Blue's Clues. You're shy with people at first, but a hoot once you warm up. Your 2nd birthday was spent at Aunt Kim & Marilyn's with Uncle Keith, Aunt Kaylee, your cousins and grandparents. It was small this year.
